### A Practical Citizen Army Plan.

In these days when preparedness is talked about on the street, in the churches and halls and written about in the newspapers to such an extent that the word is almost worn out, there are dozens of schemes for increasing the armed force of the country. Tomorrow the "citizen army" scheme is to be boosted at the gathering in Philadelphia when mayors and governors are to gather there with citizens to discuss the army increase question. By this plan about 50,000 men will be placed in training over the week-ends from now until winter. Citizens of Philadelphia have contributed a large fund for the support of the camp. The young men are to go out to the city of tents Friday afternoon and remain until Monday morning going thru military drills of army life and living under certain war conditions. It is the hope of the Pennsylvania citizens that the plan will be copied not only in other cities of the state but all over the nation, for they figure that thus easily would an armed force running well into the millions be put into a fair state of training. They argue too, that an organized force of this kind would not mean special growth of the military spirit and not tend toward militarism in this country. The plan is one of the most practical and far-reaching that has yet been suggested.

### Studying Cancer.

Dr. Leo Loeb, professor of comparative pathology in Washington University Medical School, says that cancer in the lower animals has been proven to be hereditary and that indications pointed to a like condition as regards human beings. It has never been proven to be infectious, he adds. Dr. Loeb believes that malformations or "developmental" resource of cancer, and he includes pigmented moles among the errors which may, under certain conditions, develop into cancer.

### Philippine Bill Defeated.

The administration Philippine independence bill was defeated in congress Monday night as it should have been. A non-partisan investigation of the subject has shown that the islands will not be ready for independence within four years as provided in the bill and furthermore that the residents there do not want such independence.

### For Those Who Want the Best.

The following platform for voters taken from the Columbus, (Ohio), Journal is timely for consideration by voters here as they prepare for coming elections.

Resolved, Between me, you and the gatepost, that hereafter

I will vote for no man who is not clean in his life and honorable in his associations.

I will vote for no man who spends large sums of money to get elected.

I will vote for no man who is covering the county soliciting votes.

I will vote for no man who lies not believe in the civil service.

I will vote for no man who is working the party to get an office.

I will vote for no man simply because his name is on my party ticket.

I will vote for no man who takes pay for service to the country and then uses it for himself.

I will vote for no man whose strength is in the patronage he has to bestow.

I will vote for no man who is a gambler or a drinker of red liquor.

I will vote for no man who hates his neighbors or talks incessantly and loud.

I will vote for no man who thinks his election is absolutely necessary to the public weal.

I will vote for no man who says mean things about others who disagree with him.

I will vote for no man who maintains a dirty back yard or a dog that barks at night.

I will vote for no man who does not love his fellow citizens for what they are really worth and not for what he can get out of them.

### PEDESTRIANS

Pedestrians are everywhere; they are the motorist's despair, they're ruinous to sport; for if, in scorching thru the town, I run a half a dozen down, they have me hauled to court. It seems to me unfair and mean that coin I need for gasoline must go in paying fines, or damages, at the behest of walkers. I've knocked galley west, and tele-scooped their spines. Oh, how aggravated a driver feels, when some one gets beneath the wheels, and spoils a costly tire! My sentiments, at such a time, if they were couched in song or rhyme, would melt a wooden lyre. Pedestrians look around with scorn, when I tooot warnings on my horn, their actions seem to say: "Just climb our tun-bells if you dare, with that old tun-bell you have there—we have the right of way!" They clinch their hands and set their teeth, and wildly throw themselves beneath my indignant car, and then the pedeser come along, and rag me, in nooses of wrong, to where the jurists are. And there I pay another fine, from this depleted wad of mine, and hear the ead say: "You demons of the buzz-buzz cart, who snook pedestrians apart, will find it doesn't pay!"

## MORTUARY

### Kendrick.

The funeral of John Kendrick, son of former Alderman Thomas J. Kendrick, was held at the Church of Our Savior Monday morning at 8:30 o'clock. There was a large attendance of the friends of the young man and his father. The service was in charge of Rev. Father Francis Fornaz. John Kendrick was a young man who gave great promise of a useful life and his untimely death has brought sorrow to the many who knew and admired him. The bearers were John Hagan, Francis Sloan, R. Leo Hagerty, William Shields, Francis Perry and James Connolly.

### Bundy.

Mrs. Lucy Bundy of this city received sad news yesterday of the death of her nephew, Delmar Rodgers, at the home of his mother, Mrs. Jennie Rodgers, Gary, Ind. The young man was 26 years of age and was quite well remembered by a number of people who knew him when a resident of this city. The deceased was also a relative of William Edwards of 524 South Fayette street.

### Farmer.

J. P. Farmer, 62, died Monday afternoon at Our Savior's hospital after an illness of five weeks. Mr. Farmer came to this city from Patterson with the expectation of undergoing an operation but at no time did his condition permit.

Surviving are the mother, Mrs. Anna J. Farmer of Patterson, aged 92, a brother, W. B. Farmer, Patterson; two sisters, Mrs. N. J. Dawdy of Patterson and Mrs. James Beverley of Barrow.

The body was taken to the undertaking parlors of Williamson & Cody and this forenoon will be sent to Patterson for burial.

## FUNERALS

### McEvers.

The funeral of the late Mrs. Nancy McEvers was conducted Sunday at the Congregational church in the presence of a sympathetic audience. Dr. Post read portions of the XIVth chapter of John and the XXist of Revelations and in the course of his remarks he paid a fitting tribute to the character of the deceased who for more than sixty years had been a consistent member of the church. He told of her early hardships and the heroic manner in which they were borne and he also gave due credit to her friends for their devotion to her. For many years her son, Cicero, has been most faithful to his mother who had few other relatives near to minister to her wants. Her neighbors also came in for a due share of commendation. The entire discourse was well in keeping with the eminent christian character of Mrs. McEvers.

Music was supplied by Miss Ruth Irving, organist, and Mrs. T. P. Carter and Marcus L. Robinson, singers. They sang "Jesus, Lover of My Soul" and "I will Sing You a Song of a Beautiful Land."

At the close of the services the remains were borne to Diamond Grove cemetery by Messrs. R. P. Joy, F. T. Irving, J. P. Lippinsott, B. W. Smith, L. S. Doane and C. H. Smith. The flowers were beautiful and were cared for by Miss Laura White, Miss Ione Keuchler and Miss Georgia Fairbank.

### MRS. NIX DIES AT

#### WAVERLY MAY 1.

Mrs. Ella Nix died Saturday evening at ten thirty o'clock, at her home in Waverly, aged sixty one years. The cause of death was tuberculosis. Mrs. Nix is survived by her husband James M. Nix, two sons, William and Edgar, and by an adopted daughter, Nellie.

The funeral services were held Monday afternoon at 1:30 at the Methodist church, Rev. Francis E. Smith, officiating.

## Willard Reaches the Million Mark

On Saturday, April the 8th, the total production of automobile lighting and starting batteries by the Willard Storage Battery Company of Cleveland reached the total of one million. The production in the immense factor of this company has grown by leaps and bounds during the past year since completion of the new plant.

The long experience of the Willard Company in manufacturing storage batteries is largely responsible for so many car builders making Willard their choice. That their judgment is good has been strongly evidenced by the year in and year out satisfaction reported by car owners.

This means satisfaction not only in the battery itself, but in the service which is afforded by over 725 Willard Service Stations.

To increase this owner satisfaction, the Willard Company originated a unique plan of giving free inspection, once every month to any car owner, regardless of the battery he used. This plan has worked out very successfully and has been followed by a great many other storage battery manufacturers.

**HOME OF LEWIS REXROAT BURNED TO GROUND MONDAY**  
Concord Residence Destroyed and Part of Household Goods Saved—Partly Covered by Insurance.

The large frame dwelling house of Lewis Rexroat, a few miles east of Concord was burned to the ground Monday by a fire which was discovered a little before noon. The fire started in the summer kitchen it is thought, and after seeing that the flames could not be controlled the family and neighbors who had assembled, turned their attention to getting the furniture out of the main house. Tho a great deal was saved, a part of the household goods was lost, including a bed and range.

Tho among the oldest houses in the Concord community, having been built some fifty years ago, the residence was in fair repair and seemed good for a number of years yet, Mr. Rexroat expects to rebuild on the same site. The loss was partly covered by insurance.

**REMAINS OF WILLIAM BROWN INTERRED IN FRANKLIN**  
The body of William Brown, murdered last week in Springfield by his wife, was brought to Franklin for burial Saturday in charge of a delegation from Teutonia lodge, I. O. O. F. of Springfield. Rev. Mr. Smith of Waverly had charge of a brief commitment service at Franklin cemetery.

**A HUMANE SOCIETY FOR JACKSONVILLE**  
The trend of the present day is toward humanity to both children and animals and while Jacksonville is not behind in many things it has not been as farward as it might have been in this particular. A number of persons have been agitating the matter and the enterprise will take concrete form in a short time, it is hoped. The Illinois Humane Society is a grand organization and the hope is to get a chapter in this city.

The following are some of the laws regarding the subject:  
Whoever shall be guilty of cruelty to any animal in any of ways mentioned in this section shall be fined not less than three dollars nor more than two hundred dollars for each offense, viz:  
1. By overloading, overdriving, overworking, cruelly beating, torturing, tormenting, mutilating or cruelly killing any animal or causing or knowingly allowing the same to be done.  
2. By unnecessarily failing to provide any animal in his charge or custody, as owner or otherwise, with proper food, drink and shelter.  
3. By abandoning any old, maimed, infirm, sick or disabled animal.  
4. By carrying or driving, or causing to be carried or driven or kept, any animal in an unnecessarily cruel manner.

SOCIAL EVENTS

**Centenary Y. W. F. M. S. in Profitable Program.**  
The May meeting of the Young Woman's Foreign Missionary society of Centenary M. E. church was held Monday evening at the home of Mrs. Lewis Kelly, 646 South Diamond street. Mrs. Kelly was assisted by Miss Nellie Hopper and Miss Anna M. English. Miss Etta McCarty, the leader, read an interesting paper on missionary themes. Miss Emma D. Nourse, returned African missionary, gave a talk to the society which was greatly appreciated. She spoke of her work and the needs of the station in Southern Africa in which she is located. Miss Laura Shaw of the Woman's college entertained the company with readings. Miss Shaw is always heard with pleasure and her appearance Monday evening was warmly greeted.

Pleasing refreshments were served at the close of the program and there followed a season of pleasant social conversation.

**Birthday Party for Mrs. Patterson.**  
In honor of Mrs. G. W. Patterson's birthday which occurred on Sunday, a number of friends gave a birthday party in her honor Saturday night at the Patterson home, 811 West North street. The company assembled there about 8 o'clock and several hours were spent in a very happy way. A series of games was played and excellent refreshments were served as an important part of the evening's program. Among those present were Edward Patterson and son Edward, Mrs. Mary Patterson, Miss Martha Patterson, Ray Patterson, E. G. Dewees and family, Judson Boston, Miss Vivian Boston, Mr. and Mrs. Frank Lindsey, Ira Patterson and family, Isaac Lazenby, Mr. and Mrs. A. E. Williamson and daughter Eunice, Mr. and Mrs. A. A. Dyer and family, Mrs. Harold Elliott, Mr. and Mrs. George Swain, Samuel Woods and Ray O'Daffer and Murray Nickolas of Grove City, Pa.

**Were Given Surprise Birthday Party.**  
Mr. and Mrs. T. F. Douglas were given a surprise party Sunday in honor of the seventy-sixth anniversary of Mr. Douglas' birth. Their two sons, together with their families, all arrived at the home, 1032 South Main street, unexpectedly and the day was a very enjoyable one for both the old people and the younger ones. At noon an excellent dinner was served and in every way the occasion was one which will long be remembered with great pleasure.

**Entertain at Dinner for Mrs. Sharp.**  
Monday was the eighty-third birthday of Mrs. Sarah Sharp and in honor of the occasion Mr. and Mrs. Tillman Stout entertained a company at dinner at their home, 950 North Church street Monday evening. At this gathering there were present four generations, Mrs. Sharp, Mrs. George Stout, only child

Edna Tillman and Ernest Stout and of Mrs. Sharp; three grand children, Randall Stewart, son of Mr. and Mrs. Tillman Stout. Mrs. Sharp is enjoying good health for one so far advanced in years and her many friends and relatives are sincere in the hope that she will enjoy many more birthdays.

**Miss Madden Hostess To Standard Bearers.**

The Standard Bearers society of Grace M. COLORED MAN IS FOUND MURDERED

**RALPH McDONALD'S MUTILATED BODY DISCOVERED EARLY SUNDAY MORNING.**

**Wood Woolery His Companion Held as Suspect and Officers Search for Carl Ross—Dead Man Was Stabbed and Then Head Beaten—Coroner's Inquest Not Completed.**

Carl Ross is a fugitive from justice and Frank Woolery, alias "Texas," is a prisoner in the police station, both suspected of the murder of Frank McDonald, who was found dead at the corner of East Independence and Duolin avenues Sunday morning. All of the parties are colored. Woolery made a statement to Chief of Police Davis Monday morning in which he said that Ross killed McDonald. He also testified to the same effect before the coroner's jury Monday. Woolery was arrested Sunday by Sheriff Graft and Deputy Sheriff Wannamaker. Ross went to the police station voluntarily Sunday and told the police he knew nothing about McDonald's death. Monday morning he left the city. Police in surrounding cities have been notified and Chief Davis is of the opinion that he will be apprehended.

McDonald, the dead man was about 25 years of age and has lived in Jacksonville for a number of years. Recently he has been living with his mother on Sheridan street. He had worked for William Nunes and other contractors in Jacksonville and at the time of his death was in the employ of Jacob Cohen and Son. According to the police he was law abiding and a good fellow, never having been in any serious trouble.

The first intimation the police had of the murder was when some one telephoned into the station about 6:30 o'clock Sunday morning and said there was a dead man at the corner of Independence and Duolin avenues. The desk sergeant tried to get the name of the man who telephoned but evidently the later did not want to be implicated in the affair and would not give his name.

**Terrible Wounds.**  
The officers in charge of Capt. Sharpe went to the scene and found the body of McDonald. The dead man had a terrible wound in the forehead. There was a large hole where the skull had been crushed with some blunt weapon. There also was a bad stab in the right breast which had penetrated the lung. The dead man had a knife clamped in his hand but those who found the body are of the opinion that it had been placed there by the person or persons who committed the murder.

The police immediately notified the coroner who had the body removed to the undertaking parlors of John G. Reynolds. Chief Davis immediately began an investigation and a drag net search was started and a large number were brought in and examined.

It was learned that McDonald had been at the lunch counter of Frank Wright in North West street Saturday evening. He left the place with Woolley about 1:30 o'clock according to the testimony of those who were in the place. Carl Ross the man accused by Woolley of having killed McDonald went to the station voluntarily Sunday. He acknowledged having been with McDonald Saturday night but said he left him about 11 o'clock.

**Woolley Arrested in Country.**  
The police also had been trying to get hold of Woolley. They learned that he had taken one of Cohen's wagons and gone to the vicinity of Sulphur Springs school house to bring in a dead animal. Sheriff Graft and Deputy Sheriff Wannamaker started for Sulphur Springs in the sheriff's automobile and Chief Davis and Officers White and Baker started in the police department automobile. The police met Sheriff Graft coming back with Woolley. He was taken to the station and searched. He had in his possession a long bladed knife. The blade had some stains which Dr. Carl Black said was human blood.

Woolley was closely questioned but during Sunday stood "pat" and said he did not know anything about the murder. Monday morning Chief Davis went to Woolley's cell and told him he had better tell what he knew as Ross was trying to give him the worst of it. Woolley with an oath said he would tell who committed the murder. He thereupon told Chief Davis that Ross had killed McDonald and that he was a witness to the murder. According to Woolley, Ross and McDonald quarrelled and Ross stabbed McDonald with a knife. McDonald fell to the ground and Ross then struck him in the forehead with a brick.

**Seek for Motive.**

There might have been several things leading up to the murder. It is the opinion of Chief Davis that all of the men had been drinking. Some months ago Ross was arrested and served a jail sentence for stealing a pair of shoes from Hopper and Son. Woolley says that Ross and McDonald quarrelled about that and that it led to the fight and subsequent murder.

Chief Davis has an opinion of his own in the matter. He has well grounded suspicions that Woolley is the guilty man. Woolley is a big powerful man while Ross is a small man. McDonald was of medium size. Chief Davis does not believe that Ross was physically able to kill McDonald in the manner in which he met death. He seems to think it more probable that the deed was committed by a man of Woolley's physique.

**Saw Three on West Street.**

The testimony which F. P. Hastings will give Wednesday before coroner's jury investigating death of McDonald may not unravel the mystery but will shed new light upon it. Mr. Hastings is a printer and after finishing his work in the Journal news

## Springfield May Day Party in 1860 in Duncan's Grove, Jacksonville

"The May Day Excursion, Tuesday, May 1st, 1860."

A lady friend kindly furnished me the following, from the State Register of May 9, 1860:

"We had intended to give a full account of the excursion on Tuesday of last week, but have been hindered from doing so, by various circumstances, and will now, late as it is, give a short account of the interesting affair. If energy and industry ever entitled any one to win success, then Judge Reynolds, Mr. Teasdale, and their co-laborers were entitled to the need of victory, for they labored with a will, by day and by night.

The morning opened cool and clear, and at six o'clock the bell summoned the excursionists to be moving. At seven o'clock the lecture room of the Baptist Church was crowded with teachers and scholars, receiving the badges of their respective classes, passed to the audience room above.

Soon after the May party was formed, and proceeded, amidst a dense crowd within and without the church, to the stand in front of the desk in the following order:

May Queen.

Miss Addie Pierce.

King.

Mr. John B. Connelly.

Crown Bearers.

Miss Marietta Campbell.

Miss Lucy Ives.

Scepter Bearer.

Miss Helen McLernand.

Maid of Honor.

Miss Augusta McCallis.

Miss Lizzie Fuller.

Miss Nettie Francis.

Miss Nettie Day.

Miss Anne Herndon.

Miss Ada Ayers.

Miss Alice Stanard.

Miss Mary Whitmer.

Flower Girls.

Misses Mary Brayman, Nettie Lavelly,

Julia Reynolds, Laura Clinton, Emma

Little, Kate Miner, Abbey Divelbiss and

Mattie Kane.

Upon arriving at the platform, the queen gracefully knelt in the presence of the audience, when the crown bearers sang a verse, and placed the beautifully interwoven fairy crown upon her brow. The queen, rising, and singing, accepted the trust, and received from the scepter bearer the emblem of her authority. The speech delivered by Helen McLernand was beautiful in thought and expression, gracefully spoken, and with perfect ease and dignity. The singing was excellent and every part of the performance as regular as case, self possession, modesty and dignity could make it.

After prayer and singing by the Sunday school, a procession was formed under direction of David Sherman, esq., escorted by the Union Silver Band, when about 250 boys and girls, arranged in classes, with a large number of gentlemen and ladies, marched to the cars. Here a scene ensued, laughable, indeed. Three passenger cars, two second class cars and one baggage car were in the train. One passenger car was filled with ladies, and not more than half the school could be accommodated in the other two, and the second class and baggage car were so full that no more could be admitted. Col. Bowen relieved the anxiety of the little fellows by putting in two box cars, and the train started leaving hundreds who wished to go but could not get seats.

Mr. W. O. Brooks in behalf of the scholars and citizens of Jacksonville, gave the excursionists a cordial and eloquent welcome, which was responded to by Judge Reynolds of this city, when the hymn "we come with songs to greet thee" was sung by the Springfield choir and school, under the direction of Mr. E. J. Ayers, accompanied with music on the melodeon, by that celebrated artist Mrs. A. M. Gregory.

To this the Jacksonville school responded and sang the "Anniversary Day" followed with a national air by the band. Nothing could exceed the beauty and effect of the singing and music among those grand old trees, made classic by their associations and the remembrance of their former owner, Governor Joseph Duncan. Upon the conclusion of the singing Mrs. Gov. Duncan and her daughter, Miss Julia Duncan, were introduced upon the platform, when an appropriate address was delivered by the May queen, who presented the ladies by the hand of her King, with a beautiful bouquet prepared by Mrs. Brayman from flowers presented by Mrs. Gov. Matteson. To this address and presentation, the ladies responded by Mr. Glover in a glowing and eloquent speech, in which he did justice to the memory of Gov. Duncan and paid a beautiful tribute to the grace, beauty, modesty and talent of the queen and her retinue.

The excursionists then separated for dinner and soon after were on their way to the Deaf and Dumb, where they were cordially received by Maj. Gillett, the Superintendent, and by the ladies and gentlemen of the household, and so many as could obtain admission to the Chapel were treated to an exercise on the part of several scholars, and with which the audience were highly delighted.

Returning to the grove the cars were soon in sight, when "homeward bound" was the word. The band played a stirring air, and soon all were aboard for home, not an accident occurred to mar the pleasure of the excursion, but all were pleased, joyous and happy.

At six o'clock all were home when the boys gave rousing cheers to Col. Bowen, superintendent, Mr. Bacon, conductor, Mr. Simonds, Master Machinist, and Mr. Lester, engineer, and all retired pleased, yet fatigued with the scenes of the day.

"Duncan's Grove" was west and north of the present Duncan Park.

I was present at this picnic, as I recall in which, the Sabbath schools of Jacksonville joined. The train from Springfield put off and took on the excursionists right north of Duncan's Grove, about the end of Finley street now.

My recollection is that Mr. Marshall P. Ayers also took a prominent part in the exercises—he generally did in Sunday school matters.

The Helen McLernand referred to as scepter bearer was the daughter of the first Mrs. (Gen.) John A. McLernand was Miss Sarah Dunlap, daughter of Col. James Dunlap.

Helen McLernand and her sister Fay were pupils at the Jacksonville Female Academy during the war; Fay being graduated in the class of 1838 at that grand old school. Helen married a Mr. Butler of Springfield, and was the mother of the present Mr. Wm. J. Butler of that city. Both these ladies died quite young; Fay never having married.

The Mr. Bacon referred to as conductor was Wm. Bacon, an early day train man on the Wabash. He was the father of Mrs. C. H. TenEyck, whose husband was long agent of the U. S. Express Co. here. Mr. Bacon also ran the first trains in and out on the "Tonica & Petersburg" railroad (northern), now the Jacksonville branch of the Chicago and Alton railroad.

W. O. Brooks had a seed and implement store on the east side of the square, about where "Trade Palace" is now, about 1860 to 1863. He only lived here a few years, so far as I know.

The "Major" Gillett, of the Deaf and Dumb, of course, was Prof. P. G. Gillett, so long superintendent of that institution, and father of the present Supt. Chas. P. Gillett.

It seems singular now-a-days to note the lack of rolling stock by railroads in 1860. This was very apparent also at Lincoln's funeral in 1865.

It goes without saying, that the Mr. Glover who responded for the Duncan ladies was the Rev. Dr. L. M. Glover, then pastor of the First Presbyterian church of Jacksonville.

Miss Mary Brayman was probably the daughter of Gen. Mason Brayman, a prominent man in those days.

—Ensley Moore.

### THE CAUSE OF MISSIONS

The cause of missions received an impetus Sunday morning at Centenary church when Miss Emma D. Nourse of Old Untali, Africa, spoke on behalf of the field of her labor in connection with the women's board of Mission. The lady is a missionary in Old Untali, south Africa, where the work is especially interesting and promising. She presented the cause in an earnest manner and her words had a deep impression on her audience. She sang a song in the native tongue and then proceeded to tell of the work in Rhodesia where she has been laboring. She said her impressions were remarkable on coming back to America. She saw progress in almost everything but the missionary spirit and that she regretted to say had not kept pace with other advancement. She had almost a feeling of isolation on this account. The churches need a vision of the world for Christ and until they get it they will not be doing their full duty.

A good many stations have been compelled to close for lack of funds and owing to the famine which the government cannot relieve owing to the war many are dying.

Five young ladies, correctly attired, represented respectively Mexico, India, China, Africa and the United States sang a missionary song which was very acceptable. The entire services were deeply impressive.

Miss Nourse is a guest at the home of Mr. and Mrs. J. B. Taylor while in the city.

Residence and Store of C. W. James Entered the Same Night—Suspect is Arrested.

The store and residence of C. W. James at Little Indian was entered and robbed one night recently while Mr. and Mrs. James were attending an entertainment at Litterberry. The postoffice is in the store and about \$12 of government funds was taken. From the store goods to the value of \$35 to \$50 were taken. A hand bag belonging to Mrs. James worth \$2.50 in money was taken from the residence. Strumpeter's blood hounds from Springfield were secured and took a scent which led to the home of James Kramer, who was subsequently placed under arrest.

Kramer was to have had a hearing in Virginia Monday before Justice Hall but adjournment was taken to Friday pending the arrival of federal authorities. A footprint and the action of the dogs sums up the evidence against the suspected man.

### FRANKLIN DEFEATS ALEXANDER

A game of baseball was played Sunday afternoon between Alexander and Franklin resulting in a score of 13 to 2 in favor of Franklin. The game was played on the Franklin baseball grounds and was witnessed by a large crowd. The Franklin boys have organized a good team and are ready to play any team. The batteries for Franklin were Padgett, pitcher, and Loneragan, catcher, and for Alexander, Miller, pitcher, and Beerup, catcher.

### THE MURRAYVILLE SCHOOL QUESTION.

Editor Journal:

I visited my old home at Murrayville on Friday, April 26, and happened to see and hear considerable of the fight between the city of Murrayville and the farmers of the surrounding community over the high school proposition. During all the years that I lived there I never saw the farming community worked up to such a high pitch of indignation as they were on that occasion. The great bulk of them had left their plows in their cornfields and I was made to wonder whether or not the meeting was actually timed, as many of them asserted, to keep them at home, and it seems reasonable that their assertions have some foundation. I made no inquiries as to who was responsible for such an ill-timed meeting. In fact I preferred not to know.

Mr. Editor it would have tickled you to hear some men who are not able to work out an example in long division declaring they had worked out the proposition and found it would make no noticeable difference in the taxes. Some claimed that the acreage being so great that it would be almost nothing on each acre and one old time hard working farmer wanted to know this: why they did not take in a wider scope and make a profit on the durned thing. One man who I know lived all his life within easy range of a good school and never got past the fifth grade, was one of the skirmishers for the high school. I saw a feeling there that ought not to exist between any town and the people on whom they are dependent. I heard some of the most foolish remarks made there that I ever heard in my life. One man said it made no difference to him how much the high school cost, he would not pay any of it. Another argument in favor of high schools was that you had better vote this on while the acreage is so large, if you don't we will reduce the acreage until the town has votes enough to compel you to submit. Oh for shame.

One old farmer said that if Murrayville wanted a high school, let them build it and maintain it, and if he ever got able to send one of his children to it, he would cheerfully pay the tuition, and I thought it sounded like good horse sense. When I first got to town one or two of the town men told me it would carry by a two to one vote, but as the afternoon wore away I thought possibly somebody was mistaken, and sure enough they were. The great majority are against it and I would hesitate to be the one to push the matter any further.

Mr. Editor what would you think of a man who would look you

squarely in the face and say that he did not care a — how much the high school cost, he did not expect to help pay it. This remark was made at Murrayville by a man who seems normal on many other subjects, and I have been trying to figure out where to place him. One man said he did not care for himself, but had a care for poor people. And I said, dear sir, my heart has always gone out after the honest poor, and I know it is not them who are making all this noise about school. Many of them have told me they were well pleased with the school system. I say honest poor. I have no patience with indolence, and drunkenness.

Mr. Editor, I do not wish to be counted among those who are opposed to the free school system, but I do know that some of the best school teachers in this county received their education in our free schools. What more ought to be asked from the tax payers? Let us clean up our outstanding bonds so that it will not be a burden to live in this great county. Next.

John E. Wright.  
P. S.—Mr. Editor, I think I ought to have said, some of the old farmers who have expended themselves, to leave a little inheritance for their children, who now live in Murrayville, voted against the proposition, while some for whom they have striven, voted aye on the proposition.

J. E. W.

### ANNOUNCEMENT.

I hereby announce that I will be a candidate for president of the Board of Education at the coming school election to be held in Jacksonville, Ill. The legislature repealing the special school charter of Jacksonville also dismissed the old board of education thereby. When you elected me mayor you also elected me president of the Board of Education. I will be pleased to serve you as president of the Board under the general law. I was unpledged before, I will be entirely unpledged now. The best interests of the Schools is all that I will consider.

H. J. Rodgers.

RUTH IS UNSTEADY AND PASSES NINE MEN.

Rex Sox Hit Harper but Fail to Make the Hits Count Except in One Inning—Other American Scores.

Washington, May 1.—Washington went into the lead in the American League pennant race today by defeating Boston 5 to 3, while Detroit and New York were losing to Cleveland and Philadelphia respectively. Ruth was unsteady and passed nine men. Boston hit Harper hard but failed to make the hits count except in one inning. In the eighth with the score 3 to 2 against Washington and one out, Ruth passed Rondeau, Williams and Morgan. Leonard appeared and Henry greeted him with a two base hit which cleared the bases.

## VOTES OF WOMEN

Do women realize that they already vote in the most effective way on important questions?

Every time a woman buys an article it is a vote, backed by money, for that article, a sincere approval of its merits.

So women have been voting on the question of health. When they have suffered from woman's ailments their vote has been overwhelming for Lydia E. Pinkham's Vegetable Compound, which they have bought and used with satisfaction.—Adv.

## True Secret of Keeping Youthful Looking

(The Beauty Seeker.)

"The real secret of keeping young-looking and beautiful," says a well-known hygienist, "is to keep the liver and bowels normally active. Without these requisites, poisonous waste products remain in the system, polluting the blood and lodging in various organs, tissues, joints. One becomes flabby, obese, nervous, mentally sluggish, dull-eyed, wrinkled and sallow of face."

"But to get liver and bowels working as they ought, without producing evil after-effects has been the problem. Fortunately, there is a prescription of unquestioned merit, which may now be had in convenient tablet form. Its value is due largely to an ingredient derived from the humble May apple, or its root, which has been called 'vegetable calomel' because of its effectiveness—though, of course, it is not to be classed with the real calomel of mercurial origin. There is no habit-forming constituent in 'Sentinel' tablets—that's the name—and their use is not followed by weakness or exhaustion. On the contrary, these harmless vegetable tablets tend to impart tone and vitality to the relaxed intestinal wall. Sentinel tablets, which may be procured from any druggist—a dime's worth will do—will prove a revelation to any constipated, liver-troubled person."

## The Constipation Curse

Constipation—clogged bowels cause pain and sickness; 95 per cent of our ills, say the authorities. Sentinel Laxatives bring quick relief. All vegetable—contain no calomel. Ten doses for a dime at any druggist. Physician's sample free, upon request. If you mention this advertisement, The Sentinel Remedies Co., Inc., 800 Madison Ave., Covington, Ky.

## BASE BALL SEASON BEGAN WITH GAME SUNDAY

Home Players Won from Ye Old Taverns With Score of 5 to 2.

Jacksonville opened the season Sunday with the Ye Old Taverns of Peoria as opponents. The final score was 5 to 2 in favor of Jacksonville, the result of the game was in doubt until the last visitor was retired. Several times Peoria started rallies but fast fielding on the part of the locals kept the runners from crossing the pan.

White had not pitched a full game this year and his work was commendable but he wavered on several occasions. For the visitors Szidon pitched a good game and it was no fault of his that he lost. He yielded seven hits while five were made off of White. He walked five men and struck out nine, while White walked two and struck out seven.

The local's infield looked pretty good and when it gets to working it will be the equal of any in this section. Fernandes at short did some fast work while Denny also figured in several fast plays. For the visitors Gilbert caught a good game and Lancaster speared a fly in left field. He misjudged the ball and then made a circus catch.

The locals took the lead in the first inning on Fernandes' double. Stewart's double and Stewart's single put one over in the third. A base on balls to Denny and two singles put over one in the fifth. One was added in the eighth on a base on balls and a single.

The visitors did not break thru the local's defense until the third. Then singles by Old and Szidon and a double steal put one run over. Their last run came in the seventh on singles by Debluer and Blust and a base on balls. The score:

## WHITE HALL.

State Fire Marshal Walter H. Bennett and several assistants were here Wednesday. They inspected eighty-four buildings and found a large number of defects. Their object was to inspect the buildings of the city and learn whether or not the law was being observed, and to teach fire prevention. Two meetings were held, one at the Princess in the afternoon for pupils of the schools, and another at the Presbyterian church at night, the latter for the general public.

Miss Reta Doyle and Mr. Clarence Greason of St. Louis were married Tuesday. After the ceremony the young people left for a brief stay in Chicago. The bride formerly lived in Carrollton and was well known in White Hall.

Mrs. George Gardner returned from Enid, Okla., where she attended the funeral of Earl Weller, who died at Wichita and was buried at Enid. Mrs. Weller is Mrs. Gardner's niece.

Henry Simonds is in a critical condition at his home on South Main street.

Model Amusement Co. - a real carnival at White Hall May 8-13.

Attorney J. F. Green transacted business in Jacksonville this week.

Members of the Pi Gamma club were entertained at a 3 o'clock dinner Easter Sunday at the home of Elmer Griswold.

A Shakespearean program was carried out at the school recently and proved of great interest to those who attended.

Misses Marie Zerenberg and Lucy Wood entertained Friday evening at a masquerade party at the former's home on North Main street.

Mrs. Lynn Vermillion and children have arrived from Baker, Ore., and will make a visit with relatives here.

The date decided upon for the Chautauque here is August 23-27.

Mrs. Curtis Baldwin went to Kansas City to meet her son, Richard, who accompanied her home from Dodge City. Miss Eleanor Baldwin, daughter of Mrs. Baldwin, is ill at the home of her sister, Mrs. Combreck, in Dodge City, Kansas, where she has been spending the winter.

Following is the program at the preliminary contest to choose those who will represent White Hall in the county contest to be held in White Hall May 13:

Piano—Miss Anna Dyer.

Vocal solo—Miss Louise Gardner.

Declamation—Miss Sylvia Whitlock.

Oration—Clarence Stone.

## Touch Typewriting Perfected

## Remington

Do you know that until the invention of the Remington Column Selector, perfect touch typewriting was impossible in letter writing?

Touch Typewriting means keeping the eyes on the copy. Perfect Touch Typewriting means keeping the eyes AL-WAYS on the copy—NEVER looking at the machine after inserting the paper.

For a touch typist to look away from the copy is called a "break." And it is the "breaks" that cost the time.

But there were always bound to be about a dozen "breaks" in every letter for the date line, paragraphs, "your truly," etc. Why? Because hand settings of the carriage could not be made by touch.

The Improved Remington Column Selector eliminates these hand adjustments. It provides instant machine setting for the start of any line.

It enables the operator to transcribe a letter from date to signature without taking his eyes from the copy. This is perfect touch typewriting—and it is obtainable in letter writing only on a Remington.

The result is a gain of 25% in the producing capacity of the machine—a gain which is proved and demonstrated by comparative tests. Let us show you the proof; let us make a demonstration, in your office or in our office. No obligation involved.

Grand Prize, Panama Pacific Exposition

Remington Typewriter Company

It saves enough time to offset the total cost of the machine but adds nothing to the price.

## QUICK RELIEF FROM CONSTIPATION

Get Dr. Edwards' Olive Tablets

That is the joyful cry of thousands since  
Dr. Edwards' Olive Tablets, the  
substitute for calomel.  
Dr. Edwards, a practicing physician for  
17 years and calomel's old-time enemy,  
discovered the formula for Olive Tablets  
while treating patients for chronic consti-  
pation and torpid livers.

Dr. Edwards' Olive Tablets do not con-  
tain calomel, but a healing, soothing vege-  
table laxative.  
No gripping is the "keynote" of these lit-  
tle sugar-coated, olive-colored tablets. They  
cause the bowels and liver to act normally.  
They never force them to unnatural action.  
If you have a "dark brown mouth" now  
and then—a bad breath—a dull, tired feel-  
ing—sick headache—torpid liver and are  
constipated, you'll find quick, sure and only  
pleasant results from one or two little Dr.  
Edwards' Olive Tablets at bedtime.

Thousands take one or two every night  
just to keep right. Each box, 10c and 25c  
per box. All druggists.

## RHEUMATISM IS EASILY RELIEVED BY CLEANSING THE BLOOD

S. S. S. Gives Quick Relief by  
Toning Up the Blood.

Yes, but how? A natural question.  
The answer is that you must cleanse  
your blood by stimulating it to  
healthy, vigorous action, so that it will  
throw off the germs and impurities that  
cause Rheumatism. The action of the  
wonderful blood purifier, S. S. S., is to  
practically renew the life blood, giving  
it vigor, stimulate the flow, making it  
throw out the germs and the poison  
impurities. The excruciating pains of  
Rheumatism, whether it is the shoot-  
ing, stabbing Sciatica, the gripping  
acrony or muscular Rheumatism, or  
aching arms and legs that break up  
sleep, will be entirely relieved by S. S. S.  
Don't use nostrums and drugs. Take  
the blood-bath—Nature's blood tonic,  
S. S. S. Get it at any druggist's, but  
insist upon S. S. S. Let us tell you  
about blood diseases. Send for booklet,  
"What the Mirror Tells," or if you are  
in a peculiar case, write Swift Specific

## Real Reason for Baldness

Hair Falls When Certain Elements  
Are Missing. Also Killed by  
Alcohol in Hair Tonics.

Thousands of men and women  
have been lifting their hair by the  
alcohol contained in hair tonics. It

has now been discovered that al-  
cohol makes hair brittle, dries up the  
secretion, and kills the vitality of  
hair.

The most important discovery,  
however, is that hair falls out in  
greatness and cannot nearly al-  
ways result when one or more of  
the essential elements of hair are  
missing. Hair has now been ana-  
lyzed and its elements known.

When these missing elements are  
restored, all hair and scalp troubles  
disappear, and hair is compelled to  
grow again.

This is why the greatest hair dis-  
covery ever known, VOLA-VITA,  
has done such remarkable things  
to hair and scalp. It positively re-  
stores the missing elements. That's  
why it forces hair to grow luxuri-  
antly on heads that have been bald for years.

It stops dandruff and itching scalp.  
It keeps hair from falling because  
it restores the vitality of the hair.  
VOLA-VITA scientifically restores the  
vigor of the color glands.

That's why it absolutely restores  
the color and color to gray, faded or  
bleached hair, no matter what the  
cause, color was. It is not a dye.  
It is a natural hair restorer.

Set up your hair treatment in the  
bathroom. It grows hair. Use  
VOLA-VITA. It's the only hair  
restorer that grows hair. It does  
not dry up the scalp, or cause dandruff,  
or itching scalp, or any other ail-  
ment. VOLA-VITA, NEW YORK, N. Y.

## STOCKS CONTINUE UPWARD MARCH DESPITE ADVERSE DEVELOPMENTS

Combined Dealings in Mercantile  
Preferred and Common Amount to  
One-quarter of the Whole.

New York, May 1.—Regardless of  
numerous week-end developments of  
an adverse character, chiefly the in-  
creasing expansion of labor distur-  
bances and the British defeat in the  
east, today's market continued its  
upward march.

Combined dealings in mercantile  
preferred and common amounted to  
about one-quarter of the whole. Aside  
from the fixed belief that the com-  
pany's reorganization plan is soon to  
be issued and that it is likely to  
be acceptable to all interests, there  
was no news to account for the con-  
tinued prominence of these shares.  
Marine preferred made an extreme  
gain of 7½ points to 98 and the  
common 4½ to 294.

Other shipping shares were strong,  
Pacific Mail gaining 3½ and United  
Fruit 2 points.

Recognized war shares regained  
some of the recent prominence, Cru-  
cible Steel, Baldwin and American  
Locomotive, American Car, Rubbers  
and metals and minor equipments  
and industrials rising from 1 to 4  
points. Mexicans were visibly im-  
proved by reports of a reassuring  
nature regarding the course of ne-  
gotiations with the de facto govern-  
ment. Mexican petroleum rose 3½  
and American Smelting's maximum  
gain was 2½. Rails were again a  
factor until the final hour when  
Reading led a general rise, the move-  
ment being temporary.

Total sales of stocks amounted to  
920,000 shares. Bonds were steady  
but otherwise featureless. Total  
sales par value \$2,990,000.

Panama coupons 3s were 3½c  
lower on call.

## UNSEASONABLY COLD, RAINY WEATHER L.F.S. WHEAT PRICE

No Important Reactions Take Place  
and Market Closes Strong at 1½  
to 2½ Cents Net Higher.

Chicago, May 1.—Unseasonably  
cold, rainy weather that rendered  
certain a further curtailment of  
spring seeding led to sharply higher  
prices today in wheat. No important  
reaction took place and the market  
closed strong 1½ to 1½c to 2½c net  
higher, with May at \$1.16½ and July  
at \$1.17½.

Corn finished unchanged ½ to 1c  
higher, oats up ¼ to 1c and provisions  
with gains of 10 to 35c.

Corn responded to the wheat ad-  
vance. Heavy profit-taking by longs,  
however, operated as a decided of-  
set. Oats derived their strength  
chiefly from the action of other grain.  
Nevertheless much attention was  
given to gossip regarding a possible  
squeeze of shorts in the May deliv-  
ery.

Provisions advanced to the high-  
est level yet this season. Lower  
quotations on hogs were only a tem-  
porary hindrance. Deliveries on May  
contracts were light and this cir-  
cumstance together with peace talk  
led to an active general demand.

## JACKSONVILLE SCORES BIG VICTORY

Well Known Drug Firm Secures Ex-  
clusive Contract for This City.

Messrs. Coover and Shreve of this city yesterday concluded negotiations to act as sole representative here of the nation-wide movement to promote Health-Safety-First. This movement was set on foot by the foremost American manufacturers of ready-put-up prescriptions in conjunction with the leading retail druggists of the country.

These ready-put-up-prescriptions are put up for convenience in calling for them under the name of Salko Preparations. They are prescriptions for the relief of sickness from its earliest stages which have been tried and proved by the foremost medical experts.

There is hardly an ill that human flesh is heir to that is not prescribed for in this line.

To give you an idea of the completeness of the field covered by these ready-put-up-prescriptions we list here with a few of the ordinary, every-day ailments and the Salko preparation prescribed for each:

For Constipation, Biliousness, etc., Salko Liver Tonic or Salko Liver Pills according as you prefer liquid or pills as a matter of convenience. For soreness, stiffness, bruises, aches and pains, Salko Family Linctant. For falling hair and dandruff and to keep hair healthy, Salko Hair Tonic. As a soothing antiseptic balm after shaving and to prevent ingrowing hairs and sore neck, Salko Shaving Lotion. For disordered kidneys and bladder and for backache, Salko Kidney and Backache Pills. For quick and safe relief from headaches, Salko Liquid Headache Remedy.

This association also has prepared a valuable health primer for enabling the public to recognize their ailments from their symptoms and to make it easy to get the right prescription. It is called the Salko Safety First Manual of Health and Diet and will be given free to all who ask for it at the store.

## TEACHERS' PENSION AND RETIREMENT FUND

Opinions of the Attorney General  
In the administration of the Illinois State Teachers' Pension and Retirement Fund Law the State Superintendent of Public Instruction has asked the Attorney General for a number of opinions, the main points of which are given below:

1. Status of Beginning Teachers.  
The question was raised whether or not the beginning teacher who entered into a contract before July 1, 1915, had the right of election in the matter of becoming a contributor to the fund.  
Answer: "It is my opinion, speaking specifically with reference to your question, that a person who had entered into a contract to teach before July 1, 1915, but did not enter upon his duties as such teacher until, say, September 1, 1915, is within the class of teachers who have the privilege of election to accept the provisions of the act or not, under section 15."

2. Qualifications for trustee.  
One of the candidates for trustee had not filed his notice of election to become a contributor to the pension fund before the time for filing petitions expired. The question was asked if such a person was eligible under the law to be a candidate for member of said board.

Answer: "The essential, material restriction laid that contained in section 1 to the effect that in order to be eligible to the office of trustee, one must be a contributor or annuitant at the time of the election."

If the person elected is such contributor or annuitant at the time of the election he is, in that particular, qualified to serve as such trustee.

If one who is not a contributor, or annuitant, should be nominated and elected to the office of trustee of said fund, the fact that he is not a contributor, or annuitant, would furnish grounds for successfully contesting his right to hold such office. If such contest should arise its determination would be a proper subject for the courts possessing the necessary judicial powers."

3. Contributor Defined.  
Does one become a contributor in the meaning of the law when he notifies the board of trustees and the local board that he elects to become a contributor, or is it necessary that he shall prove his years of service and be classified so that the amount which he is to contribute may be certified to the board which is to deduct from his salary?

Answer: "It is my opinion that one is not a contributor in the full sense of that word, as used in the act here under consideration, until notice of election has been filed with the board of trustees of the fund and until proof of service has been made to the satisfaction and approval of the trustees and notice of election with evidence of such proof of service furnished to the employing board."

4. Substitute Teaching.  
The status of a substitute teacher under the provisions of the pension law was the subject of another inquiry.

Answer: "You will note that section 15 of the statute does not qualify or limit the kind of a teacher that is to be employed. A substitute teacher would seemingly be as much included in this act as any other teacher, and may, under certain conditions, as often teach as what might be called a regular teacher. The substitute teacher may be called upon at any time actually to go into the schoolroom and teach, and is authorized by law to do so, if she has a legal valid certificate to teach and has been regularly and legally employed so to do, and as long as she occupies a position of substitute teacher, she is actually employed as a teacher in the public schools of this State and under the language of section 13 of the act above quoted would be entitled to the benefits of the fund."

5. Legal Residence of Annuitants.  
Whether or not an annuitant must reside in the State of Illinois and the legal meaning of residence was next asked.

Answer: "Words in an act of the Legislature are presumed to be used in their usual and ordinary sense. The word 'resident' was evidently used in its ordinary and usual sense, as there is nothing in the act indicating a contrary intention. To make a person 'resident,' as used in section 25, it is not enough that he be physically present in this State, but he must have established a permanent abode in this State, to which when he is absent, he has the intention to return."

Rules.  
The following rules governing the administration of the pension fund have been adopted by the board of trustees:

1. After filing a notice of election to come within the provisions of the act, no person may withdraw from such obligation except as provided in section 27 of said act.

2. Any person electing to come within the provisions of the Teachers' Pension and Retirement Fund who desires to count past service as a part or whole of the 25-year period, must submit to the board of trustees an affidavit containing a schedule of service, made by himself, together with corroborative affidavit, or affidavits, made by another party or parties.

The corroborative affidavits may be made by any one of the following persons:

(a) The present clerk of school board in the district where the service was rendered.  
(b) The present township treasurer in the township where the service was rendered.  
(c) The present county superintendent in the county where the service was rendered.

Note—In case all of the above mentioned officials are unable, from the records in their possession, to make such affidavit, each of them should supply a sworn statement to that effect.

Thereupon the affidavits made by:  
(d) Two reputable citizens of the district, preferably members of the school board when the service was rendered, will be accepted.

3. No credit will be given for teaching except in public schools in this or other states. The term "public school" shall have the same meaning as defined by the State Department of Public Instruction, which is as follows: (1) It must be supported, in the main, by public revenues, organized and controlled by public officials; (2) it must be open to all persons on the same conditions; (3) it must be instructed by teachers who hold certificates legally authorizing them to teach that particular grade of work and to draw public funds.

When teaching was actually done and payment made for such service by the local governing body, the teacher shall be credited in the affidavits of service as provided in Rule 2.

4. The expression, "legal school year at the time and place where said service was rendered" (section 25d), shall be understood to mean the number of months constituting a school year during which school was in session in any district, as legalized by the school law of Illinois.

The minimum length of a school year in Illinois, prior to July 1, 1899, was five months; from July 1, 1899, to July 1, 1915, six months; since July 1, 1915, seven months.

When the length of the school year in any district did not meet the State requirements, the number of months required by State law at that time will be taken as the number of months constituting a full school year. Credit will be apportioned accordingly.

No more than one year's credit shall be given for service rendered between July 1 of any year and July 1, of the following year.

No credit shall be given for fractional years until the sum of such fractions is equal to unity.

5. No credit shall be given for a leave of absence unless it is officially granted by the school board and a signed statement by the clerk of said board is supplied to the board or trustees of the pension fund. A record of attendance, signed by the proper officials of institutions where professional preparation was obtained, must, also be submitted to the pension board.

No credit shall be granted for a leave of absence prior to July 1, 1915.

6. Minor absences from duty on account of illness will be counted as time taught providing regular assessments are paid.

7. No teacher may elect to become a contributor under the law unless such teacher was employed in the public schools of this State when the law went into effect, or has resumed teaching in the State since that time. Every teacher must be under employment at the time of such election.

8. If after teaching 25 years, a teacher is not 50 years of age, he may cease teaching and upon reaching the age of 50, be officially retired and receive the annuity, providing he has complied with all the provisions of the pension act. Any teacher may retire, whether he is teaching at the time of his retirement or not, providing he has met all the other requirements of the law.

9. Any person retiring under the provisions of this act shall receive the first payment of the annuity at the beginning of the next quarter succeeding. Such first payment, however, will be scaled down to cover the actual time intervening between the date of retirement and the date of payment. Provided, that the board of trustees will not retire any teacher in actual service unless the board of education of the district approves his resignation.

10. Whenever an annuitant re-enters upon the work of teaching, his annuity shall cease while he is so engaged. However, if school work was not resumed at the beginning of a quarter, his annuity will be paid up to the time he begins teaching, provided that no annuitant may retire at the end of any school year and re-enter upon the work of teaching at the beginning of the next year in order to obtain annuity during vacation.

11. Any person who retires under the disability clause shall furnish the board of trustees of the pension fund at least once a year, a certificate by a reputable physician attesting continued disability.

12. Any teacher applying for refund as provided in section 27, shall furnish with such application receipts given by school boards for the amounts deducted from his salary, and the receipt for any payment made directly to the treasurer of the pension fund, or the proofs establishing his identity.

LAWYER FOR EVANGELIST  
FACES DISBARMENT SUIT  
Wilkesbarre, Pa., May 1.—Paul J. Sherwood of this city, attorney for Rev. Dr. Henry W. Stough, the evangelist who was sued for slander because of statements made at a recent revival, faces today the disbarment action brought against him in connection with his argument before the United States District Court. Sherwood asked the court to take the Stough suits from the local courts, on the claim that he could not get a fair trial in Wilkesbarre. Judge Witmer of the federal court refused the request. Sherwood is now charged with making remarks that are alleged to be an attack on the integrity of the county judges.

HALIFAX ADVANCES ITS  
CLOCK AN HOUR  
Halifax, N. S., May 1.—When Germany and Austria set their clocks ahead an hour today, in order to get another hour of daylight during the summer months, into the working day, Halifax will not be behind them. This morning the city clocks were advanced an hour, by proclamation of the mayor.

## METHODISTS TAKE UP CHURCH UNION PLAN

Also to Debate Amusement Issue;  
Will Elect New Bishops.

Saratoga, N. Y., May 1.—The quadrennial session of the General Conference of the Methodist Episcopal church opened here today, with eight hundred delegates present, representing 133 conferences of Methodism. The strongest and most popular leaders of the various conferences have been chosen to present the various views on the big subjects that will be threshed out here.

The inevitable question of amusements again will come to the front, for many liberal members of the church are for modifying the Discipline, which frowns upon dancing, card-playing and theatre going. It is claimed by some ministers that the young people are kept out of the Methodist church by this edict, and that others are driven out. The movement will be vigorously opposed by prominent leaders, who will not give in an inch to worldliness.

At least six new bishops will be elected during the General Conference. Vacancies have been made by the retirement of Bishop Earl Cranston of Washington, D. C., and Bishop John W. Hamilton of Boston. Six Bishops died during the past four years, of which number three were in active relation. Rev. D. Thomas W. Nicholson, secretary of the Board of Education, is spoken of as the most prominent of the candidates. Others mentioned are Rev. Dr. Frank Hamilton, chancellor of Washington University, Rev. Dr. C. E. Locke of Los Angeles, Rev. Dr. C. B. Mitchell of Chicago, Rev. Dr. Matthew Hughes of Los Angeles, Rev. Dr. A. W. Leonard of Seattle and Rev. Dr. J. H. Stansfield of Indianapolis.

The unification of the Methodist Episcopal church with the Methodist church South will undoubtedly receive an impetus at the present General Conference. The Northern church numbers about four millions and the Southern church about half that number. The two have been separated since 1844 when they split on the slavery question. The tendency for reunion has been growing steadily, and it is predicted that the union will be effected in the near future.

### GRAND JURY PROBES MONTANA STOCK FRAUD

Helena, Mont., May 1.—When the Federal Grand Jury was impaneled today, one of the first cases put before it was an investigation of the affairs of the Northwestern Trustee company, of Great Falls. Postal inspectors charge the officers of the company with operating a stock fraud. The accused men are prominent in business and political circles. The complaint charges Robert Sidebotham and J. G. G. Wilmet with conspiracy to form a company in order to sell by misrepresentation, fraud, and deceit, the stock of the company.

## "Corns All Gone! Let's ALL Kick!"

Every Corn Vanishes by Using Wonderful, Simple "Gets-It." Never Fails. Applied in 2 Seconds.

Isn't it wonderful what a difference just a little "Gets-It" makes,—on corns and calluses? It's always right somewhere in the world, with many

"What! I Don't Care! I Got Rid of My Corns With 'Gets-It'!"

folks humped up, with cork-screwed faces, gouging, picking, drilling out their corns, making packages of their toes with plasters, bandages, tape and contraptions,—and the "holier" in their corns goes on forever! Don't you do it. Use "Gets-It." It's marvelous, simple, never fails. Apply it in 2 seconds. Nothing to stick to the stocking, hurt or irritate the toe. Pain stops. Corn comes "clean off," quick. It's one of the gems of the world. Try it—your "kick" from joy. For corns, calluses, warts, bunions. "Gets-It" is sold everywhere. 25c a bottle, or sent direct by E. Lawrence & Co., Chicago, Ill. Sold in Jacksonville and recommended as the world's best corn remedy—by Armstrong's Drug Store—J. A. Obermeyer.

## CORRESPONDENCE OF THE ASSOCIATED PRESS

Paris, April.—The occupation of Fort Douaumont by the Germans in March, which has been one of the most important successes of the enemy during the long battle of Verdun, is described to The Associated Press by a French infantry officer in the following words:

"We had to combat detachments of the enemy that had slipped inside the fort with machine guns and a revolving cannon. At the same time we had to watch over a winding ravine opening near the church of Douaumont thru which the Germans might get thru. We thus had to look two ways while we were nearly blinded with smoke and with dust raised by shells that furrowed the ground all about. Orders could be heard only a step away in the deafening crashes that were almost continuous. The ground quaked under the eddies. All our defense works were obliterated between two o'clock in the morning and one o'clock in the afternoon when the Germans increased the range of their artillery fire and their infantry attacked the village. We were cut off from all communication, front and rear, for every man sent out with information was a dead man."

"The Germans came out of the fort and from concealed positions we had not been able to reconnoitre, and advanced thru the ravine simultaneously. The men debouching from the fort were seen first. We hesitated because they wore the new helmets of our infantry. Our commandant ordered 'Don't fire! They are French! Then he fell with a bullet in his throat fired by the men wearing the French helmets. 'Fire! Fire!' Ordered the adjutant of the battalion 'They are Germans.'"

## STORY OF A WEATHER VANE.

Why a Grasshopper Tops the Royal Exchange in London.

If you ever go to London among the places of interest there you will visit the public buildings known as the Royal Exchange. There is a cupola at the top of that building. Rising from that cupola is an iron rod with a huge grasshopper on it for a weather vane. And there is an interesting story connected with that grasshopper. It is this: One day, more than 300 years ago, a mother in England had an infant, a few months old, which she wanted to get rid of. So she wrapped it up in a shawl and laid it down under a bush in a field and left it there to die unless some one should find it and take care of it.

Shortly after a little boy was coming home from school. As he passed by the place he heard a grasshopper chirping in the field. He stopped a moment to listen to it. Then he climbed over the fence to get it. But just as he was about to catch it he caught sight of the baby close by. He let the grasshopper go and, taking the baby in his arms, carried it home to his mother. She took charge of the baby and brought him up. He turned out to be a good, pious boy. He was always delighted in doing what he knew was right and in not doing what was wrong.

When a young man he went to London and entered into business there. He was successful in business and became rich. He was not only rich, but great. He was knighted and is well known in English history as Sir Thomas Gresham. The Royal Exchange was built in honor of him. And he had the grasshopper put as a weather vane on the top of it in memory of the wonderful way in which when an infant his life was saved by the good providence of God.—Richard Newton in Bible Models.

## THEY PUZZLED HUXLEY.

Terms In Which He Found It Difficult to Define His Belief.

Huxley once wondered whether he was a deist, an atheist, an agnostic, a pantheist, a materialist or a skeptic, an idealist, a Christian, an infidel or a freethinker. And the more he reflected the deeper his problem. What answer will any one make? Dr. James C. Fernald in his work "Synonyms and Antonyms" defines each according to his own belief, as follows:

"The deist admits the existence of God, but denies that the Christian Scriptures are a revelation from Him. The atheist denies that there is a God. The agnostic denies either that we do know or that we can know whether there is a God. The skeptic doubts divine revelation."

"The infidel is an opprobrious term that might once almost have been said to be geographical in its range. The crusaders called all Mohammedans infidels and were so called by them in return. The word is commonly applied to any decided opponent of an accepted religion."

"A freethinker is inclined or addicted to free thinking, especially one who rejects authority or inspiration in religion. A materialist takes interest only in the material or bodily necessities and comforts of life. A pantheist accepts the doctrine of pantheism. An idealist idealizes or seeks an ideal or ideal conditions. A Christian is one whose profession and life conform to the teaching and example of Christ."

"Pantheism is the doctrine that God and the universe are identical. It contrasts with atheism as the positive dogmatism and with agnosticism as the dogmatic doubt of the existence of God. It opposes that form of deism which denies the divine immanence and separates God from the world."

## Keeping a Lamp Clean.

Once in two months I separate the wicks from the burners and boil them in soda water. In about ten or fifteen minutes I take them out and clean them with an old toothbrush, rinse and dry. I lay the wicks straight to keep their shape. They will be white and pliable. Then fill the lamps with kerosene, adding a teaspoonful of salt to each lamp. Lamps treated this way give a beautiful bright light and there is no fear of an explosion.—Boston Post.

## Sing Different Songs.

"Pa, you sing bass in the choir, don't you?" asked Bobby Smithers.  
"Yes, my son," replied Smithers.  
"And ma sings soprano?"  
"That's right."

"Well, there's one thing I don't understand."  
"What is it?"  
"Mrs. Tompkins says you sing mighty big in public and mighty small at home."—Philadelphia Ledger.

## ACCOUNT OF WEEK'S REVOLT IN DUBLIN

Dublin, May 1.—via London.—A return to normal conditions is being accomplished gradually in Dublin and it now is possible to give the first complete account of the happenings of the last week. Hitherto, news of the Dublin uprising has reached the outside world in fragmentary form. What occurred was as follows:

MONDAY.—The first move was a dash by members of the Sinn Féin into the general postoffice. Many of these men were in the uniform of the Irish volunteers, a body formed at the time men of Ulster organized against granting home rule in Ireland, the object being to resist any attempt by Ulster to oppose the home rule law. The party worked quietly, compelling all officials to quit their posts while they cut telegraphic communication with the rest of Ireland and with England. Soon afterward, firing opened in the neighboring streets, for the rebels immediately shot down any man in khaki. Several officers and men of the regular army thus fell victims in the first few minutes of the revolt. The authorities, unprepared at first to deal with the uprising, ordered the police and soldiers to retire to their quarters, none of them being armed. In the meantime, the rebels seized other points in the city. They established themselves at the city hall, liberty hall and St. Stephens' Green and also occupied many houses in Sackville street and the side streets leading to it. Sharpshooters took up positions on the roofs and at the windows of houses. An attempt was made to seize Dublin Castle but the guard of Royal Irish constabulary and soldiers prevented the rebels from getting beyond the gate at which they killed the policeman on duty. The authorities were powerless but the rebels, however, made a great mistake, which eventually cost them dear. They either forgot to seize the telephone exchange or did not think it worth their attention. Thus, the authorities were able to send a call to the military officers at Camp Curragh, some 20 miles away. From this point a considerable body of troops was immediately despatched to the capital.

TUESDAY.—The situation the morning was unchanged except that the rebels apparently had increased in numbers and spread in small parties about the city. Sniping was fairly prevalent in all quarters of Dublin throughout the day. The military in London had been communicated with and within a short time a large body of troops was on the way.

WEDNESDAY.—The authorities began making dispositions of troops drawing a large cordon of men around the city and other smaller cordons around the three principal areas occupied by the rebels—at Sackville street, St. Stephens' Green and Four Courts. These movements of troops led to much fighting and bloodshed. Sniping became general. By Wednesday evening the two parties of combatants and the areas they occupied were more or less accurately defined. Soldiers on duty at the ends of streets were compelled to remain under shelter from rebel bullets which came from every quarter and angle. During the day a gunboat came up the river Liffey, fired several shells into Liberty Hall which was occupied by a number of rebel officers and soon demolished it. The cordons of troops gradually drew tighter around the rebel forts and the firing became faster and more furious.

THURSDAY.—By this time the city was under a veritable hail of bullets. The Associated Press correspondent passed along the custom house quay by the north wall and thence over the circular road with bullets striking the walls and the ground all around. The rebels in some force had taken a position in a flour mill on the south side from which they harried the troops on the north side until the authorities decided to use artillery to dislodge them. A dozen shells did the work and the rebels retired to a disused distillery further south, hence they were still able to give much trouble. Later in the day a naval gun and field artillery turned their attention to this point. From the top of the distillery tower floated a green rebel flag. The bombardment was spectacular. Only 48 shells were fired and every one hit the distillery, but the flagstaff was not shot away. Meanwhile, fighting was becoming hotter in the Sackville street area.

FRIDAY.—The sniping by rebel sharpshooters had become so prevalent by Friday that the artillery officer in charge decided to shell the postoffice and houses in its neighborhood. Eight shells had been fired into the Young Men's Christian Association building, two into the Catholic Club and two into the postoffice when a cessation of the cannonade was ordered by a superior officer, as some houses had caught fire and it was feared the entire city might be placed in peril. The rebels started fires in several places in the hope it was reported, of the flames reaching the castle. On Friday night the sky for miles around was illuminated and flames shot up from many points. The green rebel flag that flew over the postoffice was sharply outlined by the glow. Rebels were seen walking on the roof, from which flames later increased the already brilliant light enveloping that part of the city.

SATURDAY.—Early on this morning the announcement was made that the leaders of the revolt had requested that they be allowed to surrender unconditionally, as their commander in chief, J. H. Pearce, had been wounded in the leg and it was reported that James Connolly, commander of the rebels troops had received a severe wound. How many of the rebels surrendered to the military with their leaders was not learned on this day but their action brought about an immediate dimi-

nition of sniping and the city became comparatively quiet. Isolated parties of snipers still continued to pot-shot at the troops, being evidently unaware of the capture of their leaders.

SUNDAY.—The final collapse of the rebellion came on this day, the expected happening and the main body of the rebels in Dublin surrendering during the course of the day, beginning the morning when those who had been established in the college of surgeons gave themselves up. One of the prisoners here was the Countess Markievicz, said to be one of the leading spirits of the revolt. In a proclamation issued by J. H. Pearce, as "provisional president" the surrender of all the rebels was advised as the members of the provisional government had agreed to unconditional surrender "in order to prevent the further slaughter of unarmed people, and in the hope of saving the lives of our followers who are surrounded and hopelessly outnumbered." Outside of Dublin however, fighting at some points, but messages were sent from the leaders in Dublin carrying the news that the movement had collapsed and ordering the various rebel bodies to surrender.

MONDAY.—Today came the news that all the rebel leaders had surrendered and that the total number of prisoners taken the day previous in Dublin had reached 1,000. The transportation of captured rebels to England was in full swing and it became known that nearly 500 of them had been sent across the channel. There was further submission of bodies outside the city, notably of the Ennisceorthy rebels, who had been holding out persistently, but were anxious to surrender unconditionally.

**KC BAKING POWDER**

Those who have had cakes ruined by jarring the stove, slamming the oven door or a heavy footstep, may have wondered how the dining car chef can turn out such marvelous biscuits, hot breads and pastry when his oven is being incessantly jarred and shaken by the motion of the train.

To get pastry to raise and stay raised under these conditions, a baking powder must be used that continues to give off its leavening gas—that sustains the raise—until the dough is baked through.

Dining Car Chefs have found a baking powder exactly suited to their needs in K C and you will find it just as well suited to your requirements. K C is really a blend of two baking powders, one active as soon as moistened, the other requiring both moisture and heat to start the generation of leavening gas. No matter how moist and rich you make your cake, K C Baking Powder will sustain the raise until a crust is formed and all danger of falling is past.

K C Baking Powder is pure and healthful. It is guaranteed under all pure food laws, and is guaranteed to please you. And it is sold at a reasonable price—no baking powder should sell for more.

### COLORED MAN IS FOUND MURDERED

(Continued from page four.)

had evidently been asleep when aroused and he does not believe that sleep would have been possible if the man had been guilty of murdering a companion so brutally.

The jury summoned by Coroner Wright to investigate the case assembled at the court house with the following members: Charles Starks, James Matthews, William Jones, Sherman Spencer, Sylvester Arbuckle and Albert Moore; Charles Starks foreman and Sherman Spencer clerk.

#### Wooley Takes Stand.

Wood Wooley was first put on the stand and testified that he worked for Jacob Cohen and lived with Jacob Scott, William Robinson and H. C. Webb on North West street, where they kept "bachelor's hall." He had known Alfred McDonald for some time and worked with him. He said that Saturday night they met at Wright's hamburger stand and with Carl Ross they walked east on Independence avenue about 11 o'clock. He said that they passed Richard's store on North Main street, went up North Main and east on Independence to Doolin avenue and there the trouble between Ross and McDonald began. Ross accused McDonald of stealing some shoes and said that he had better get someone to help him out of the job. Other hard words followed and Ross drew a knife and McDonald rather laughed at it and said, "You must have fits." "We went a little further when Ross stabbed McDonald. He drew a knife and stabbed him in the breast. Then he picked up a stone or a brick, don't know which it was, and struck and kicked him. I said, 'Don't hit him,' and I caught Ross but Ross struck McDonald on the head as he lay on the ground. Then Ross told me not to fool with him. Then we left McDonald lying there and went on up to West street and then I went home.

"About half past one I went home and went to bed and did not get up until 8 or 9 o'clock in the morning. When I got home I saw William Robinson. No one said anything about the murder. Then I went out to Sulphur Springs with one of Cohen's drivers and while we were out in the country the sheriff took me. I did not talk about the quarrel with McDonald. We called him 'Tree-top.' Ross came down to wake me up Sunday. I talked with Chief Davis about this affair and told the same story that I have told here, not tell him to do anything with it. I only had a pocket knife. I had taken one drink at Dick Lyon's place and that was all. Ross said that McDonald had hit him one time. I did nothing whatever in the trouble to McDonald. Soon after he was struck we went back to see McDonald and he was lying on his back. I did not see anything in his hand. Ross wanted to see if McDonald was dead. His head was lying to the east and he was flat on his back. We did not put anything in his hands. Ross said, 'Let's go back,' and I went along, but I did nothing.

#### Tells of Buying Knife.

"Next morning I made no inquiries and did not know that McDonald had any money with him. I bought a knife the night before of a merchant on South Sandy street. There was no blood on it when I was arrested. I did not tell anyone of McDonald's death until I told the chief of police.

H. C. Webb testified, "I knew Wooley but little. He went out of our place at 8:30 Saturday evening and was swearing and talking violently and I told him to cut that out. He said he intended to get even with some. He had been drinking and was quarrelsome. Ross went along with him and two white men also went with them. I don't know what was the cause of his anger nor did he mention any name, nor did I see any weapons. He got back about 4 o'clock Sunday morning. I got up and fed my team. Mr. Ritchey said Wooley told him he intended to kill some one and get money. Said he would not have to work any more. McDonald was always a peaceful man."

**Relates Conversation With Wooley.**  
Carl Stultz, driver for Cohen & Son said that Sunday morning he had to go out about ten miles for a dead cow and Wooley went along with him. "After we got by the Spaulding place someone told us that McDonald had been killed. Wooley said that he guessed the job was done right. McDonald went by the name of 'Tree-top' and all of the trip out there Wooley kept calling me 'Tree-top' and drew a knife and asked if I knew how it sounded when a man was stabbed in the breast. But I said I never tried it and did not know, and while we were on the road Wooley was arrested by the sheriff. I think Wooley had been drinking some."

William Robinson said Wooley came down to the house Saturday evening and changed his clothes and he did not see anything more of him until Sunday morning when he came in about 3 o'clock, and seemed to have had two or three drinks. He said he got breakfast and called 'Wooley' but he did not seem to want to get up, and he supposed that he had had too much "tea" and did not feel like eating. Later he got up and borrowed Robinson's hat and went out. He had some money but Robinson did not know how much.

Griswold was called but was unable to tell anything pertaining to the matter. Then Mason, alias "Speck" Henderson was called. He was also unable to tell anything what ever and said that his name had been erroneously linked with the affair by his little nephew.

### CHAPIN TEACHERS RE-EMPLOYED FOR THE COMING SCHOOL YEAR

Teaching Force is Re-Employed Without Exception — Birthday Dinner for E. F. Antrobus

Miss Esther Antrobus entertained Monday evening at 6 o'clock dinner in honor of the birthday of her father, E. F. Antrobus. There were eight guests present and the social time which followed the dinner proved most enjoyable for all.

### NAPLES

The river here is gradually falling. Farmers are busy preparing their in fine shape, to be ready to plant corn. Oats are coming up nicely. The fruit trees hereabouts are all full of bloom. With a few warm sunny days with the general cleaning up of gardens and fields that has been done, this section of the state never looked better.

Our public roads are having attention and will be graded and smoothed for the pleasure and benefit of the scores of automobile owners, from the light active runabout Ford cars to the large six cylinder powerful cars of all makes.

Both boats are now making regular trips.

Dr. Sawyer of Jacksonville came in town this morning to spend the day with his old friend, Gene Simpson.

Mrs. Ross D. Pine and two children from Okmulgee, Okla., is spending a week with W. G. Pine and wife and other relatives and will go to Peoria tomorrow to visit Harry G. Pine and wife before returning home.

Our school is progressing finely under Prof. Parrish, Prin. and Miss Nieman and Miss Hatfield, assistants.

Henry Butley of Bluffs has bought the Hale property here and will move soon.

Chas. Sheets has bought a fine Overland car.

Harvey Green now has his second new car, John M. Ritter also has two new cars. Merton Abbott is the owner of a fine Case car.

A. E. Savage has just installed a furnace in his home.

Harold Chambers, a young man, while driving a spike, building a large barn here was hit in the eye when the spike broke. He went to Jacksonville and the doctor says he is likely to lose the sight of the eye.

Mrs. Virginia Harmon left Monday night for Kansas City and Denver. In the latter city she will remain a week before going on to Los Angeles and San Francisco for a stay of two months. Mrs. Harmon will be joined by friends there.

### ANNOUNCEMENTS.

### MOTHERS' DAY WILL BE OBSERVED IN JACKSONVILLE CHURCHES

Sunday, May 7, Selected at Ministerial Meeting Monday—A. L. Snyder Speaks on Philippine Religious Conditions.

Next Sunday, May 7, will be observed in the churches of Jacksonville as Mothers' day. It was decided Monday forenoon at the monthly meeting of the Ministerial association. The ministers of the city are planning to honor the day with special sermons and the request is made that carnations be worn by those attending. White carnations will be worn to honor the memory of a mother who has passed beyond, while those who yet have their mother with them will observe the occasion by wearing a red flower.

Alva L. Snyder, secretary of the Y. M. C. A., led the meeting, presenting a paper on the religious status of the Philippine islands and dealing in direct and forceful manner with some of the grave problems which confront Protestant missionaries in that archipelago.

At the request of authorities of the Anti-Saloon league Sunday, May 21, was withdrawn as the general occasion of Anti-Saloon league appeal. Part of the churches will devote the next Sunday to such observance, tho it is probable that Anti-Saloon League day in others will not come until June.

#### ARE GUESTS IN CITY.

## NEED FOR NEW ELECTRIC WIRING SHOWN IN COUNCIL DISCUSSION

Mayor Says Complete Improvement Cannot Be Made Unless There Are Funds From Bonds—West State Street Paving Ordinance is Passed

The city council at the Monday session attended to routine business, approved officers' reports, opened bids for laying water main, and passed the ordinance providing for an asphalt pavement on West State street.

Under the department reports Mayor Rodgers said that the department of public affairs was not able to report particular progress but that every possible effort was being put forth to secure the needed street paving. Mr. Cox reported as the result of clean up week that a good deal of rubbish was hauled to the dumping ground and to the Warren lot on South East street where permission had been given to fill in with rubbish, but that a good many of the alleys were in worse condition than they were before the week began. This is because a good many of property owners threw their cans and rubbish over the fence into the alleys with the idea that the city would haul them away. Mr. Martin said his understanding was that the city should only perform this service for people absolutely unable to pay, and Mayor Rodgers said that that was the case but that there was some difficulty in drawing the line as to financial aid.

Mr. Vasconcellos reported that the work of renewing some of the electric wiring for the light department had commenced altho it would not be possible to do this in an extensive way. He reported also some repair work in progress at the pumping stations. Mayor Rodgers referred to the condition of the electric wires in general and said that a great portion of the wires have the insulation off so that they are really in a dangerous condition, but that it would not be possible to do much with them unless a bond issue is authorized and the funds are thus available for the work. He mentioned a case which happened recently when a telephone wire touched an electric wire that was not properly insulated and a lad received a shock which might easily have proved fatal. The mayor said further that the city so long as its own wires are not in good condition, is not in position to force others to keep their wires in perfectly safe condition.

Bids were opened for the laying of water main on East Independence avenue and Hooker street and were as follows:

Jacksonville Plumbing Co. 19c per lineal foot, \$3 for each special opening and \$3 for each hydrant.

Simeon Fernandes, 18 1/2c per lineal foot.

William Nunes, 34 1/2c per lineal foot.

The bid of C. C. Schureman was received by the clerk after the council session and was as follows:

\$13.99 per 100 lineal feet; \$2.45 for special openings and \$4.50 for hydrants.

The reports of the water department, signed by W. H. Cobb, superintendent and Joshua Vasconcellos, commissioner, showed the following figures: total water collections, \$2,643.40; meters sold \$61; taps \$3; meters repaired \$7.45; total \$2,720.45.

R. L. Pyatt, city clerk, reported collections as follows: Jacksonville cemetery, \$64.50; Diamond Grove cemetery, \$321.30; clerk's office, \$93.16.

John E. Pires, sexton at Jacksonville cemetery, reported thirteen graves made and Harry Summers, sexton at Diamond Grove cemetery, reported a like number of graves made.

Miss Weller, city matron, reported that she had examined the cases of eleven children during the month and that she is making an effort to have two feeble-minded children placed in the home for feeble-minded at Lincoln. She reported also that an effort is being made to secure homes for three other children.

Following an order by which all properly approved bills were ordered paid, the ordinance providing for an asphalt pavement on West State street was given a second reading and adopted. The notices will be sent to the property owners with the amount of their assessments and the court hearing will be had a little later on.

## MISS ELSIE C. HOWE WILL WED MR. LEE THIS MORNING

Nuptial Mass Will Be Celebrated at Church of Our Savior by Father Formaz—Will Leave for Northern Trip.

The marriage of Miss Elsie Catherine Howe to Mr. Charles S. Lee of Chicago will be solemnized at the Church of Our Savior this morning at 8 o'clock. Nuptial mass will be celebrated by Rev. Father Francis Formaz, with friends of the bride and groom in attendance. The bridesmaid will be Miss Helen Howe, sister of the bride, and the groomsmen will be James Stapleton of New Berlin. The bride will wear a dark green silk traveling dress with hat in accord and will carry bride's roses. The maid of honor will wear a tailored suit of dark blue cloth. Miss Brown will be at the organ and play a program of selections as the guests are assembling, and the Mendelssohn march will be given for the recessional. Following the ceremony breakfast will be served at the Peacock Inn to the wedding party and relatives. Later in the day Mr. and Mrs. Lee will go by automobile to Springfield, where they will take the C. & A. to Chicago and then go to Detroit and some other northern points for a wedding journey. Following their return they will be at home to their friends at 7135 Lawrence avenue, Chicago.

The bride who will thus be so happily married, is the youngest daughter of Mr. and Mrs. D. M. Howe. She graduated from Routt college in 1914 after an excellent record made as a student. She has musical talent also and was for some time a pupil of Mrs. William Barr Brown, Jr. In college and since she has been very popular with a large circle of friends and is withal a young woman of charming personality and disposition.

Mr. Lee is a son of Mr. and Mrs. Maurice Lee of New Berlin, who are well known in both Sangamon and Morgan counties. He graduated from the New Berlin high school and subsequently finished a course at the Springfield business college. For some time he has held a responsible position as city salesman for Libby, McNeill & Libby in Chicago. Those who know the young man best are his greatest admirers, and he stands well in the community where he lived so long and with the newer friends he has found in Chicago. The young people have received gifts from relatives and friends in testimony of esteem. They will begin house-keeping and married life under very auspicious circumstances. Among those who will be present for the ceremony this morning will be Mr. and Mrs. Maurice Lee and daughters, Misses Sarah and Loretta, of New Berlin.

## THIRD WARD REPUBLICANS HAVE ORGANIZED CLUB

Enthusiastic Meeting Was Held Monday Night When Officers Were Chosen—Many Speakers Contributed to Interest of the Occasion.

At a meeting held in the office of B. R. Upham Monday evening the Third Ward Republican Boosters Club was organized. There was a large attendance and much enthusiasm was shown and some roasting Republican speeches were made. The Third Ward Republicans have always been noted for a progressive spirit and this organization is in keeping with those of past years.

When the meeting was called to order G. V. Skinner was selected as temporary chairman. The chair asked F. L. Gregory to act as temporary secretary. The chair called on the following for remarks: Robert Leggett, James Dickens, John Catherwood, Mr. Barrett, Andrew Jones, John Easley, Ferdinand Muse, Thomas Dwyer, Forrest Harris, F. M. Brewer, Carl E. Robinson, Oscar Williams, Albert Harris, Edward Graubner, Edward Kastrup, T. S. Russel, Louis Leurig.

The chair then called for nominations for permanent president. C. O. Bayha was selected without opposition. Edward Graubner was named as secretary and James Dickens as assistant secretary. Upon motion of John Easley the chair appointed the following for the executive committee: Robert Leggett, John Easley, Henry Barnard, Fred Dwyer and John Dwyer. Henry Barnard was elected treasurer. The time and place of meeting will be fixed later.

## BARSON REPORT GIVES VALUABLE INFORMATION.

Summary Shows That Business is in Exceptionally Prosperous Condition in All Parts of Country.

Of the many mercantile reports which are published weekly none surpass in interest the Barson report on North American Localities and Industries, issued with sales and credit may for manufacturers and jobbers. The purpose of the publication is to point out to manufacturers and business men the localities where they are most likely to be able to develop business, and to show the general conditions which exist in those communities. The last statement says "The recent reports from 178 leading cities in the United States and Canada show that in 83 of them the two chief industries are in an unusually favorable condition. From the view point of industry nearly every line in the U. S. is booming save those few which have been injured by the stopping of imports from Russia, Germany and Austria, and by restricted imports from other sources. Even the latter industries have been adjusted to war conditions. However, the high cost of imported and other raw materials is lessening the profits of some manufacturers so that they are not receiving the full benefit of the activity of their plants."

For the information of manufacturers the cities are listed in sections, and figures are given to show the state of business compared with a year ago and with normal conditions as they are and the last number outlines in a very forcible way what the exact business situation is at the present time.

## STATE MUSIC TEACHERS WILL BEGIN CONVENTION TODAY

But Few Seats Remain After Big Sale Monday—First Session This Afternoon at Christian Church.

A great many delegates for the Music Teachers' Convention arrived in Jacksonville on Monday afternoon and evening trains and scores of others will come today, so that the total of visitors will no doubt readily reach the 300 mark. People were lined up for several hours Monday morning at the Grand Opera house selecting seats for the several concerts to be given there. The season tickets include the two symphony concert programs in addition to the other concerts and recitals of the regular convention. Last night there were but sixty seats remaining. The season ticket sale closes today.

The first session of the convention will be at 2:30 o'clock this afternoon at Central Christian church, when Mayor H. J. Rodgers will deliver the address of welcome and the response will be made by John B. Miller, president of the teachers' association. Then will follow a recital program given by Ethel Goldeweite Benedict, dramatic soprano, Oak Park; Amy Emerson Neill, violinist; Arvid Samuelson, pianist, Rock Island; John Doans, accompanist, Evanston. Following this program the county vice presidents will hold a business session with Mrs. William C. Paigley, general vice president, presiding. The evening concert program will be by the following artists: Rudolfs Reuter, pianist, Chicago. Sol Cohen, violinist, Peoria. Richard Wagner, cellist, Chicago. John Doane, accompanist, Evanston.

## TWO AUTOMOBILE ACCIDENTS IN BEARDSTOWN SUNDAY

John Diehl and Daughters Had Narrow Escape When Engine Backed Into Their Car—Drove Delivery Car Thru Railroad Gates.

Beardstown, May 1.—John Diehl and daughters of this city narrowly escaped death Sunday when their automobile was struck by a Burlington engine at the Sixth street crossing. The automobile was dragged about fifty feet with the occupants in it and was totally demolished. The young ladies suffered severe bruises and are still suffering from shock but otherwise are all right, no bones being broken. Mr. Diehl escaped with slight bruises.

Mr. Diehl with his daughters, Miss Emma, aged 21 years and Rose, aged 19 years, was driving east in Sixth street at 2:30 o'clock Sunday morning. Mr. Diehl says that the nagman gave him the signal to cross the tracks. He started to do so when a switch engine which had been hid by a number of box cars on a siding backed into his car. The car was caught by the draw bar and dragged fully fifty feet.

Harry Reeves, driving an automobile delivery wagon, ran thru the railroad gates at Fourth and Railroad street Sunday. Reeves apparently lost control of the car and was unable to stop. He barely escaped being hit by the engine and the car suffered some damage.

## FRANKLIN ELECTRIC LIGHTS.

The Franklin is unable to enjoy electric light and power the first of May as was promised by officials of Central Illinois Public Service corporation, a short time since, the line between Waverly and Franklin is practically complete. The poles are already at the edge of town and all the wire will be strung within a week. There remain incomplete about eleven miles of transmission wire between Waverly and the plant at Kincaid. The Kincaid plant will furnish the power, tho it is thought at until this last stretch is finished, current will be obtained from the power house at Waverly.
